

To our valued customers,

At Computer Solutions Plus during this COVID-19 pandemic, we are aware that a large portion of our customer base may now be working from home and that may change how you use your computer and possibly even change your computer needs. Please be assured we are still here for you and are doing our best to provide you with the exceptional service you have come to rely on. We are happy to report that most products ordered are still arriving in a timely fashion enabling you to either pick it up at our shop or if necessary, a delivery option can be arranged.

During this time, it is also our priority to take all the necessary precautions as outlined by our health officials to keep not only ourselves but each of you safe and healthy. Therefore, effective immediately we will no longer be making service calls. We request that all systems needing service be taken to either location where we will meet you outside to take notes and retrieve your equipment for repair. We may also try to make software repairs via remote support. A similar procedure will be used for picking up your system.

Where possible, please make payment by cheque or e-transfer as we try to limit the exchange of cash during this time.

We would like to take this opportunity to thank you for your continued support.

Be safe and stay well.

George and Mike
